Submission Title: Cyber Physical Systems - Advances and Applications

Dear Dr. Kumari,

An initial in-house evaluation of your manuscript/ book by our BASS editors has highlighted several issues. A report highlighting these is given below.

You are requested to review the report, implement the suggested improvements, and re-submit the revised book for a re-evaluation.

Kindly highlight or mark-up the changes that you make throughout the manuscript.

You will note that the **Manuscript Processing System (MPS)** has assigned a Reference Number to your submission which should be referred to in all future correspondence.

Please note that once the manuscript is submitted for publication, it cannot be withdrawn.

Please remember to add the complete authors' and co-authors' names and Email IDs, as no changes to the list of authors will be allowed after the acceptance of the manuscript.

Pre-submission Checklist:

Initial Scrutiny

Content Verification

Author verification

Chap 1:

During the initial scrutiny of this article, no reference publication has been found associated with your provided credentials that is email ID and affiliation. Therefore, it is requested to provide any of the following:

Kindly provide any of your/co-author's publication wherein provided credentials (email ID and affiliation) have been used.

If you/co-author have previous publications with different credentials than submitted manuscript then provide updated CV incorporated with a complete list of publications, affiliations, and email addresses (working and closed).

In case, if you/co-author do not have any previous publication that publishing the article for the first time then submit a scanned 'Recommendation Letter' printed on Letter Head of your Research Institute and signed by your 'Head of Department' (HOD). HOD's working email ID and affiliation must be clearly mentioned in the Recommendation Letter (specimen attached for reference).

Chapt 4:

During the initial scrutiny of this article, no reference publication has been found associated with your provided email ID tpk.dcn@psgpolytech.ac.in. However, publications are available with provided affiliation.

In order to complete the content verification of your article kindly provide a list of publications and the relevant email addresses (working and closed) used during its publication process.

Chap 9, 10 and 11:

We have received the attached chapters (Chap 9, 10, 11). The articles from one of the co-author Dr. Avinash Sharma of this chapter (Chap. 9, 10 and 11) was in the past retracted by an international publisher available at <https://iopscience.iop.org/article/10.1088/1757-899X/1145/1/012089> and retraction note is available at: <https://iopscience.iop.org/article/10.1088/1757-899X/1145/1/012208>

We need to be careful that fabricated articles are not published in the ebook. We are, therefore bringing this chapter to your attention and we will send it for

reviewing if you approve.

Ask the author to cite the references in numerical order both in text and reference section.

1. Please provide copyright for the 2nd chapter 2. Copyright of Chap 1. is blank 3. Chapt 7 is marked as Chapter 18 while opening the file. Please check and send back the corrected file 4.

Chap 9: 10 and Chap 11:

Other observations

, Hope my email finds you well. We have received the attached chapters (Chap 9, 10, 11). The articles from one of the co-author Dr. Avinash Sharma of this chapter (Chap. 9, 10 and 11) was in the past retracted by an international publisher available at <https://iopscience.iop.org/article/10.1088/1757-899X/1145/1/012089> and retraction note is available at: <https://iopscience.iop.org/article/10.1088/1757-899X/1145/1/012208> We need to be careful that fabricated articles are not published in the ebook. We are, therefore bringing this chapter to your attention and we will send it for reviewing if you approve. Ask the author to cite the references in numerical order both in text and reference section.

Chap 3:

During the initial scrutiny of your article, 12% similarity has been observed in the manuscript from different published sources. You are kindly suggested to cite below mentioned reference in the in main text and also in the reference section.

Suggested Citations:

< High>

Chap 5 and Preface:

**Content
verification**

During the initial scrutiny of the articles, similarities have been observed in the chapter and Preface from different published sources. Similarity can be seen in the attached similarity report as text highlighted in different colors with respect to the sources (mentioned at the top).

You are kindly requested to revise the significant similarities in order to make your manuscript suitable for publication. However, for general and inevitable similarities, sources must be properly cited in the manuscript.

*General terms and chemical names may be ignored.
